

NEW SALEM/WENDELL UNION SCHOOL COMMITTEE

STEP PLACEMENT POLICY

Ordinarily a person hired on the teachers' salary schedule will receive full credit for previous experience, but will be placed no higher than Step 5. However, a teacher already employed by one School Committee in Union #28 will suffer no loss of step placement upon employment by another School Committee in the district so long as the employment is an extension of current work.

A School Committee may remove the Step 5 maximum step placement for a position identified as difficult to fill. A School Committee may vote such an identification after a search for a candidate for a position finds that there are no satisfactory candidates available and that the Step 5 limitation precludes attracting satisfactory candidates.

ADOPTED: December 6, 1984
